PROFILE

Holder of a Bachelor's degree (Licence) in Business Computing from the Faculty of Economics and Management of Sfax, and currently pursuing an engineering degree in Computer Engineering, I am looking for a professional opportunity to put my technical skills into practice while gaining experience in a professional environment. Rigorous, motivated and results-oriented, I want to join a dynamic team where I can contribute to concrete, innovative projects, while continuing to strengthen my skills and grow professionally.

PROFESSIONAL EXPERIENCE

KPIT Summer internship 2025 Jul – 2025 Aug | Tunis, Sfax

Development of a plugin automating the generation of XML files
for the E2E_Protection (End To End Protection) analysis.

- Extraction and analysis of test results from Excel files.
- Automatic insertion of the analysis data into a structured XML file.
- Validation and testing of the plugin on the LIN, CAN and FlexRay automotive communication protocols.

Clinisys Final-year internship (PFE) 2026 Feb – 2026 Jun | Tunis, Sfax

Development of a collaborative web platform for the management and dynamic tracking of internships.

- User & role management
- Agile project tracking
- Collaboration & Planning
- Administrative workflow & Notifications
